50 CENTS PER MONTH

U. S. ACTS TO INCREASE NUMBER OF MEN AVAILABLE FOR WAR

CHANCELLOR IS  
SUMMONED TO  
VITAL PARLEY  
BY KAISER

Michaelis Called to Grand  
Headquarters For Import-  
ant Conference

BRITISH MAKE GAINS  
IN FLANDERS BATTLE

Artillery Duels In Sector of  
Aisne Continue, Paris  
Announces

AMSTERDAM, Aug. 9.—One of the  
most important conferences in months  
has been called by the kaiser at grand  
headquarters.

Chancellor Michaelis has left Ber-  
lin for headquarters in response to a  
summons from the kaiser, reports re-  
ceived here today stated.

GERMAN NERVOUSNESS ON  
FLANDERS FRONT GROWS

LONDON, Aug. 9.—Extensive move-  
ments behind the German lines, re-  
ported by aerial observers today, were  
believed to indicate growing nervous-  
ness on the part of the enemy as the  
days pass without a general resump-  
tion of the Flanders offensive.

Scattered thrusts are being made  
at the German lines along the entire  
front by both British and French  
forces. Field Marshal Haig, having  
established a reputation for "mixing  
his blows" there is the greatest specu-  
lation regarding where the next big  
push will come.

Having impressed upon the Russian  
people the necessity of a stern, dicta-  
torial administration in a new procla-  
mation, Premier Kerensky is organiz-  
ing his new government today. With  
this administrative work disposed of,  
it would bring no surprise in London  
to learn that Kerensky has again left  
for the front to inspire the Russian  
troops.

Latest war office reports stated that  
the Slav soldiers are fighting with  
the greatest bravery on the Galician  
front. Continued progress is reported  
in the offensive launched against the  
German lines, and in the region of  
Kimpolung, where the Germans are  
attacking, good order is being main-  
tained, despite reverses met.

VAST SMOKE CLOUDS HIDE  
BIG TEUTON CANNON

BY HENRY WOOD  
(United Press Staff Correspondent)  
WITH THE FRENCH ARMIES IN  
THE FIELD, Aug. 9.—Great masses  
of smoke clouds hang over the Ger-  
man lines today as the French and the  
enemy exchange blows along various  
sections of the front.

Unable to wrest from the French the  
mastery of the air, and thus prevent  
French aviators from flying over the  
German lines, the enemy is now tak-  
ing recourse on a larger scale than  
ever before to smoke clouds which  
conceal the location of their guns. The  
moment a French aviator appears over  
the German lines, huge clouds of  
smoke immediately arise and are con-  
tinued until the aviator disappears.  
The Germans first began using smoke  
clouds to mask their batteries on the  
Flanders front. They soon brought it  
into general use.

A smoke generator has now been de-  
veloped by the Germans and is part  
of the equipment of every battery. The  
smoke generators are known as  
"nebeltoepfe" among the Germans.  
Orders found on recently captured  
Germans show that they are placed  
at least 250 meters from a battery  
in the direction from which the wind  
is blowing and at intervals of eight  
meters apart. Emplacements are pre-  
pared around each battery so that the  
generators can be changed rapidly  
with any shifts in the wind.

GREAT CANNON BATTLES IN  
AISNE SECTOR CONTINUE

PARIS Aug. 9.—Artillery duels again  
raged in the Aisne sector of the French  
front during last night. The war of-  
fice today reported active artillery ex-  
changes in the regions of Pantheon  
Ridge and Chevrengy. In the region  
of Esparges and north of Vaux, Les  
Palameix detachments cleaned up an  
enemy trench, inflicted losses on the  
Germans and returned to their own  
lines unhurt.

THE WAY THEY'D LIKE TO DO IT  
"How much is this hat?" asked Mrs.  
Spender, sweetly, of the salesgirl.  
"I don't know, lady," admitted the  
girl. "How much have you got?"

TIME TO FILE CLAIM  
EXEMPTION NEAR END

Burning Question Right Now  
Is: How Many Men Will  
They Get?

Some Who Said They Would  
Put In Affidavits Can't  
Do It Now

How many of the quota of 181  
will be produced by the first call  
of 420?

The physical examinations were  
completed yesterday, and for the  
making up of the quota not over  
forty-five men may certainly be  
counted upon as going into the  
quota. Those are the men who  
passed the physical examinations  
and who said they had no exemp-  
tion claims to offer.

A new call for men will be is-  
sued next week.

Of the 169 who said they had ex-  
emption claims to file, not all have  
filed.

Those who were examined on Mon-  
day had until Tuesday night to file,  
those examined on Tuesday had until  
last night, and those examined yester-  
day have until tonight.

No Check Secured  
In the mass of papers that have been  
filed and in the rush of work, it has  
been impossible to check over the  
names of those examined and passed  
the first two days to see how many  
actually did file exemption claims.

If they have failed to file, the exemp-  
tion board can order them into the  
list. It is believed that at least twen-  
ty-five names could be added in that  
way.

The next source of supply for the  
quota will come from the list of men  
who have put in exemption claims.  
Some of them may fail to back up  
those claims with the necessary affi-  
davits, which must be filed within ten  
days after the filing of the claim.

Claimants whose claims are turned  
down will be put into the list to make  
up the quota.

Just How Strict  
is going to be in passing upon exemp-  
tion claims cannot be determined.  
That it is going to knock out some of  
the claims goes without saying.

This morning the members of the  
board here went to Fullerton for a  
conference with the board there for  
the purpose of talking the situation  
over, and if possible, arrive at some  
definite standard to go by in the two  
exemption districts of this county.

Minister's Claim

Rev. Herbert W. Harris of Orange,  
pastor of an Episcopal church, filed a  
claim for exemption upon the ground  
that he is a minister. W. A. Gaumer  
filed a claim upon the ground that he  
is in the navy.

In addition to the claims put in by  
allies as published yesterday are the  
following:

Paul Brown, 116½ East Fourth;  
Longino Aguilar, Refugio Duenes,  
Frank Pavel, Victor Gonzales, Susano  
Ortega, G. Martinez, Zeferino Rios,  
Hipolito Rios, Francisco Ramos, Hy-  
nasio Roses.

FIFTY-SEVEN NOT  
HERE FOR EXAMINATION

An unofficial check of names this  
morning showed that 57 men were  
[CONTINUED ON PAGE 5]

Unofficial Count Shows 309  
Men Examined By  
Doctors

Three Days Work By Physi-  
cians Brings Forth the  
Issue to Board

Yesterday afternoon the three days'  
physical examinations for the first  
call of 420 men, ordered in for exam-  
ination, ended with the records show-  
ing that the doctors had examined 304  
of the 420 men called.

Of the 304 men, ninety-one were  
physically disqualified, according to  
the judgment of the examining physi-  
cians. Of the 213 men who were pass-  
ed by the doctors as physically fit to  
be soldiers, forty-four said they had  
no claim for exemption, and 169 said  
that they had claims. However, some  
of those 169 have failed to file their  
claims, and a checking over of the  
list will show that they are to be list-  
ed for the present at least as having  
made no claim.

Yesterday's work resulted in the ex-  
amination of 109 men, and in addition  
two men were examined for other dis-  
tricts, Virgil Clapp for Bakersfield  
and Henry Padgham for a Los Angeles  
county district.

Of the 109 men yesterday twenty-  
six were physically disqualified, sixty-  
seven asked exemption and sixteen  
laid no claim to exemption.

No Exemption Claim

In addition to the thirteen men who  
asked no exemption and whose names  
were published in the Register yester-  
day are the following:

G. G. Shoemaker, Orange.  
Otto Cuyos, Delhi.

A. E. Stevens, Rossmore, Santa Ana.  
John Noulis, 414½ W. Fourth.

PASSED THE TESTS,  
ARE ASKING EXEMPTION

Yesterday afternoon the following  
passed the physical examinations, and  
stated they would ask for exemption.  
They have until tonight to file their  
claims:

R. L. Howell, 1005 W. First.  
D. L. Beal, 519 E. Fourth.  
A. H. Segerstrom, Santa Ana.  
Placido Jaques, 109 N. Flower.  
Floyd Davidson, El Toro.  
Harry Reed, Orange.  
S. E. Speece, Orange.  
B. L. Tene, Orange.  
C. B. Riley, Orange.  
M. R. Alvarez, Olive.  
E. U. Dickinson, 825 N. Birch.  
S. K. Popoff, Santa Ana.  
S. H. Tummond, 1430 N. Baker.  
H. W. Ehlen, Orange.  
C. A. Pister, Orange.  
M. C. Moore, 1029 N. Parton.  
E. R. Vancil, 1420 N. French.  
Thomas Smith, Laguna Beach.  
W. R. McClintock, Santa Ana, R.  
D. 6.  
E. D. Lucas, 836 N. Bush.  
R. W. Collins, 620 Orange avenue.  
G. E. Hart, Orange.  
A. B. Alvarez, Orange.  
N. D. Meyer, Santa Ana.

YESTERDAY AFTERNOON  
DISQUALIFICATIONS FEW

Those who are declared physically  
[CONTINUED ON PAGE 4]

District No. 2 Issues  
Call For 400 More Men

FULLERTON, Aug. 9.—The ex-  
emption board of Orange County  
District No. 2, which has head-  
quarters here, has mailed notices  
to 400 more men on the draft list,  
ordering them to come in for  
physical examination next week.

The first call was for 408 men.  
Of the 408 men called, 267 were  
examined by the doctors. Of these  
267, there were 93 physically dis-

qualified. Of the 174 who passed  
the physical tests, 124 claimed  
exemption and 50 waived exemp-  
tion.

The exemption board believes it  
will get more than half its quota  
in the men already examined. If  
there are any left over in the sec-  
ond call, they will be put upon the  
reserve list.

This district includes the north  
end of the county, Garden Grove,  
Huntington Beach and Talbert.

TELEGRAPHIC DRAFTLETS

BLIND MAN WAITS 2 HOURS  
SAN FRANCISCO, Aug. 9.—Walter  
Evan Gurlock called at the  
offices of an exemption board  
today as a drafted man. For two  
hours he stood in line waiting to  
be examined physically. When the  
doctors came to him they found  
he was totally blind.

FORGOT HIS EYES

CLEVELAND, Aug. 9.—The  
national army all but got Henry  
Little. The draft board doctor  
was signing the papers showing  
him physically fit when Little re-  
marked: "You forgot my eyes.  
Here," and with a simple twist of  
the wrist he dislodged a glass  
eye. He was exempted.

PLENTY FOR ONE FAMILY  
SAN FRANCISCO, Aug. 9.—A

young Italian, naturalized, claim-  
ed exemption today because he  
has three brothers in the Italian  
army "and that's plenty to have  
from one family in one war."

FAMILY IN CHINA, CLAIM

SAN FRANCISCO, Aug. 9.—"My  
wife and children live in China,  
therefore I ought to be exempt,"  
a young Chinese told a draft  
board today.

CASE OF COLD FEET

NEW YORK, Aug. 9.—"Yours  
looks like a case of cold feet,"  
said an examining physician to  
Morris Frank today when the lat-  
ter said it was useless to examine  
him for the draft. "I suffered  
with 'em ever since I was a boy,"  
said Frank. "Right now I should  
be in bed."

\$67,500 BARLEY  
CROP OFFER IS  
DECLINED BY  
EL TORO MAN

Barney Clinard, With 27,000  
Sacks of Grain, Also to  
Harvest Beans, Walnuts

"The barley king of Southern Cali-  
fornia," is the cognomen the friends  
of Barney Clinard of El Toro are giv-  
ing him these days.

With 25,000 sacks of barley already  
threshed and from 2000 to 3000 more  
to follow, and having refused \$250  
per hundred for this little crop, Clin-  
ard says that he is glad to get the  
good harvest as he is "hard up and  
needs the money," according to his  
El Toro friends.

Crop conditions were never better  
around the El Toro section. The  
present weather is bringing the beans  
along in great shape. Clinard himself,  
in addition to his little barley crop,  
is reported to have 500 acres of beans  
which will bring him in close to 6000  
sacks. While his walnut crop is not  
quite so good because of the hot  
weather, he still has a plenty of nuts.

"If anybody can beat this crop, boy,  
I'll set 'em up to a chicken dinner,"  
said Clinard to F. C. Mock of El Toro  
recently. "I don't care much for  
chicken myself," he continued, "but  
probably you will enjoy the dinner."

STEEL MEN ARE  
AT ODDS WITH  
SEC'Y. BAKER

Bethlehem Corporation Fails  
to Reach Price Set By  
War Secretary

WASHINGTON, Aug. 9.—The Beth-  
lehem Steel Company and the War  
Department are at odds over the price  
to be paid for steel rails for use in  
France.

The steel company refused to sup-  
ply these rails at rates quoted by Sec-  
retary of War Baker and the matter  
is now under negotiation.

Secretary Baker said today the Beth-  
lehem order was very small compared  
to the total output of the plant, and  
denied that there was any relation  
between a decline in the Bethlehem  
shares and the controversy with the  
department.

It is understood that Baker's price  
was \$40, whereas the steel company  
wanted considerably higher. Baker  
refused to furnish any figures to the  
press, saying that his reason was he  
did not care to discuss the matter of  
rails for France.

Behind the Bethlehem refusal to  
reach Baker's price is understood to  
be a general agreement among the  
steel makers to delay furnishing their  
products to the government until the  
Federal State Commission has deter-  
mined a reasonable price basis. The  
commission has under consideration a  
cost plus a percentage system for all  
war steel.

Baker indicated he does not regard  
the incident as seriously interfering  
with the rail work in France. The  
War Department is assisting in re-  
constructing some of France's run-  
down railway system and is especially  
interested in having good transport  
facilities between the seaboard and  
the American camp in France.

COWBOY IS HELD AS  
SLAYER AT BAY CITY

SAN FRANCISCO, Aug. 9.—George  
W. Cavender, 22, cowboy, was turned  
over to Sheriff H. J. McGrath of Grant  
county, New Mexico, by the navy au-  
thorities today and will be returned to  
New Mexico to face a charge of mur-  
dering Frank Brownell. It is alleged  
Cavender enlisted in the navy to es-  
cape detection.

It is charged he murdered Brownell  
on the desert near Lordsburg, N. M.,  
July 5. Cavender says he shot in self-  
defense.

AGED WOMAN DIES AS  
AUTO TURNS TURTLE

SAN BERNARDINO, Aug. 9.—Mrs.  
Kate Lewis was instantly killed and  
her son-in-law and daughter, Mr. and  
Mrs. R. E. Thorpe, seriously injured  
when their automobile overturned on  
the foothill boulevard here today.

HOOVER READY TO  
BEGIN WAR UPON  
HIGH FOOD PRICES

WASHINGTON, Aug. 9.—Herbert  
Hoover is awaiting only the word of  
the President formally designating  
him food controller under the new  
food bill before beginning work.  
Hoover's plans, seeking a general re-  
duction of prices on necessities and  
a tremendous saving in waste are  
ready for operation.

Both houses of congress rested to-  
day, preparatory to swinging in Fri-  
day on the final lap of the war ses-  
sion. Leaders hope to adjourn by  
September 15, at the latest.

The senate tomorrow begins con-

sideration of the \$2,006,970,000 tax  
bill. A general agreement has been  
reached to limit discussion as much  
as possible.

Senator Simmons, chairman of the  
finance committee, believes it will  
pass without much change.

Other measures still to be consid-  
ered are the trading with the enemy  
act and the deficiency appropriation  
bill.

Majority Leader Martin of the sen-  
ate said today night sessions may be  
held to expedite work on the revenue  
bill.

\$100,000 TO KEEP  
SHIPBUILDERS HAPPY

WASHINGTON, Aug. 9.—The gov-  
ernment has employed Meyer Bloom-  
field to keep America's thousands of  
shipbuilders happy. Approximately  
\$100,000 will be placed at his disposal.

BOARD NAMED TO FIX  
U. S. LABOR DISPUTES

WASHINGTON, Aug. 9.—The cre-  
ation of a "Labor Adjustment Com-  
mission" of three representatives  
each of the government, employers  
and labor, was announced today. This  
is designed to have jurisdiction over  
all labor disputes on government con-  
tracts.

BREAD SANS SALT IS  
CAUSE OF PLOT STORY

WASHINGTON, Aug. 9.—"Rookie"  
Baker at Washington failed to salt  
his bread dough and spoiled bread re-  
sulted, which was destroyed. This is  
the result of an "attempt-to-destroy-  
the-army" investigation story which  
was printed.

OREGON BATTALION TO  
BE FIRST AT FREMONT

CAMP FREMONT, Menlo Park,  
Cal., Aug. 9.—A battalion of Oregon  
national guard will be the first troops  
to enter the twentieth national guard  
division camp here.

Preparations to receive the Oregon  
men began today when it was an-  
nounced that the battalion had been  
ordered to report at the camp this  
week, probably Saturday. The men  
will be placed on guard duty.

MOTORCYCLE RIDERS  
WANTED FOR U. S. ARMY

SAN FRANCISCO, Aug. 9.—Motor-  
cycle riders will have a chance to put  
their skill to work for Uncle Sam.  
Western Army Department head-  
quarters announced today that three  
motorcycle companies would be or-  
ganized here immediately.

NEW CHANGE RUNG IN  
ON PERSHING'S NAME

PARIS, July 18.—(By Mail.) Of the  
many changes running on General  
Pershing's patronymic, one of the  
most amusing came today when a  
small boy begged to be lifted up by  
his father so he could see "Le Pere  
Singe," otherwise "the father mon-  
key."

800 TO BE TOLD OF  
PRESIDIO SELECTION

SAN FRANCISCO, Aug. 9.—Tomor-  
row night letters will leave officers'  
reserve corps headquarters notifying  
more than 800 men of their selection  
as student officers or alternates in the  
second Presidio training camp. The  
camp will open August 21.

ARSON PLOT BLAMED  
IN EL CENTRO FIRE

EL CENTRO, Aug. 9.—Incendiarism  
is blamed here today for a fire which  
destroyed Sudan grass hay and seed  
valued at \$200,000. It was estimated  
that in the stack was 800,000 pounds  
of seed valued at 25 cents a pound  
wholesale. Two ranch hands, dis-  
charged by Dee Turner, on whose  
ranch the fire occurred, are being  
sought.

'GRIZZLY' CAPTAINS  
ARE GIVEN COMMANDS

SAN FRANCISCO, Aug. 9.—Cap-  
tain B. Kyne and Stewart Edward  
White, authors, today were assigned  
to command respectively batteries A  
and C of the new California field ar-  
tillery regiment. Captain Kyne's bat-  
tery will be the first to go into camp  
at Tanforan Park, south of here.

CROWDER MAKES  
MODIFICATIONS  
IN PHYSICAL  
RULES FOR  
DRAFT ARMY

Accept Men With Poor Teeth  
If Dental Work Will Aid,  
Orders Provost Chief

CUTS ALSO MADE IN  
HEIGHT REQUIREMENTS

Restrictions As to Eyes and  
Ears Also Are Altered  
In Announcement

SEATTLE, Aug. 9.—United  
States agents here today uncov-  
ered a gigantic plot to break down  
the selective draft plans by en-  
gineering wholesale exemptions.  
A propaganda of "undoubted Ger-  
man origin" is being mailed men  
called for examinations, and urg-  
ing and showing how to evade the  
service on the ground of "consci-  
entious objections." Arrests are  
expected soon.

EMORY, Texas, Aug. 9.—More  
than a score of men from various  
towns and farms in this section  
were jailed today in connection  
with a concerted plot to resist the  
draft. Authorities got wind of  
the conspiracy and raided the  
homes of the leaders and broke  
up the plot.

WASHINGTON, Aug. 9.—Further  
steps were taken today by the gov-  
ernment to increase the number of  
men available for service in the new  
national army. A new ruling by the  
provost marshal general greatly mod-  
ified the physical requirements for a  
man for duty.

"If dental work will restore teeth  
to meet the demands for proper mas-  
tication a man with defective teeth  
should either be accepted or allowed  
sufficient time to have the necessary  
work done and be enrolled later," Gen-  
eral Crowder instructed the exemption  
boards.

Reductions in weight or from 5 to  
12 pounds, according to height, and  
reductions in chest measurements of  
one-half inch in the case of men taller  
than five feet eight inches, were  
also allowed.

Eye and ear restrictions also were  
modified.

WASHINGTON, Aug. 9.—Wives  
who worked in offices and factories  
before marriage should seek employ-  
ment in industry again, releasing  
their husbands for army service.

This was an official suggestion of  
the provost marshal general's office  
today, supplementing General Crow-  
der's ruling that when the wife is as-  
sured "reasonably adequate support"  
the husband should not be exempted  
on the ground of dependents.

Officials would not define "reason-  
ably adequate." They said it varied  
with conditions and that the local ex-  
emption boards would have to decide  
individual cases on their merits.

A wife with young children, unable  
to support herself or without adequate  
support from relatives, will entitle  
the husband to exemption, it was  
stated.

General Crowder's statement was  
an open appeal for relatives to sup-  
port the wife, so husbands can go to  
war.

This will strike the rich particular-  
ly.

Mobilization orders for the 687,000  
men in the first draft will be issued by  
General Crowder tomorrow. The men  
will be ordered to proceed to the man-  
nment camps in their civilian  
clothes. It is still doubtful whether  
uniforms and other equipment will be  
ready by September 1, the date of the  
first call. The balance will entrain  
for the camps at intervals up to Octo-  
ber 1.

With the draft allowances decreas-  
ed for married men, officials here say  
that the next week will see the quotas  
filled all over the country.

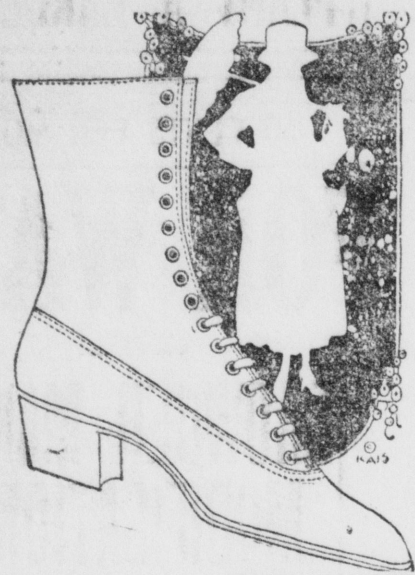

Authorities here say that probably  
the bulk of men will not be ready for  
actual fighting duty before September,  
1918, though part of the national  
guard and regular army will be thor-  
oughly nited long before then.

TEUTON BARBARISM AT  
SEA IS CONFIRMED

WASHINGTON, Aug. 9.—Official  
confirmation of barbarism by a U-boat  
commander was received by the State  
Department today in a report on the  
sinking of the British steamer Bel-  
gian Prince.

## HOLDERMAN NOW EN ROUTE TO WAR COLLEGE

BY PRIVATE J. M. FISHER  
(Co. L, 7th Cal. Inf.)

SOMEWHERE IN CALIFORNIA, Aug. 5.—Captain Holderman has left for the war college at Washington, D. C., where he will stay for a period of three months. When he returns he is to teach the new methods of war to other officers and men. All the men are very proud to think that their captain has had such an honor conferred upon him, although they hate to lose him for even a short space of time.

Lieutenant Swanner and Mrs. Swanner arrived in camp this afternoon. Part of Company L is still guarding tanks and some are guarding the oil tanks. Fifteen of us are guarding two piers at the world's largest oil exporting harbor.

Our trip to this port was made in a miniature train. The said train is the butt of many jokes. Just before starting one of the fellows asked the conductor if he could take all in one load. Another of the boys inquired as to the model of the engine. The engineer said that it was old when Columbus discovered America. Eino Haapa after looking the engine over inquired as to the owner of the peanut roaster. The trainmen declared with some indignation that it was an engine. "Pardon me," said Haapa, "I did not know that. They give these so-called trains away with Bull Durham in Santa Ana."

The port is a fine place. The boys

spend their time in fishing, boating and swimming.

Private H. K. Holt went out past the breakwater in the boat today and caught 132 fish. Most of them were smelt and yellow tails and kingfish. We have enough for several meals ahead.

There are oil and lumber ships and barges coming in every day. Three were in today.

The guarding of these piers is very strict and no one can come off the ships without a pass signed by the commanding officer of the ship. Every one going out on the pier must have a pass.

Private Adams and Private Holt were out rowing and Adams decided that he wanted to get off on a float and fish awhile. Holt let him off and forgot to return for him.

After being marooned for about six hours Adams gave up all hope and dove in and swam to the pier.

Another man from the town near which we are stationed has enlisted in Company L. He is known now as Private Rodgers and appears to enjoy army life.

Company L is awaiting more recruits and as lots of men are joining now it is hoped that Santa Ana men will get in while they have a chance.

## FRIENDLY SUIT WILL TEST NEW TAX LAW

SACRAMENTO, Aug. 9.—To test the opinion of Attorney General Webb that Assembly Bill No. 1013, known as the tax limitation act, passed by the last legislature, is not subject to referendum, a friendly suit will be brought in the state supreme court.

Senator William J. Carr of Pasadena and Attorney Raphael Plattner of Sacramento will bring the suit and will take the attitude that the bill is subject to referendum. The attorney-general will take the opposite side of the case.

Frank Jordan, secretary of state, was anxious that a suit be instituted to test Webb's ruling as a referendum petition containing names far in excess of the necessary number has been filed with him against the measure.

As it now stands Jordan is puzzled as to what action to take on the petition. If the act is not classified as a tax measure and therefore is subject to referendum, Jordan will have to place it on the ballot at the general election in 1918 for ratification by the people.

## TENNIS STARS ENTER SERVICE OF COUNTRY

LOS ANGELES, Aug. 9.—While Maurice McLoughlin, tennis star, is making plans soon to enter the Coast Naval Reserve, Wynn Mace, another racket wielder of fame, is on the way to becoming a member of Coast Artillery. Mace enlisted yesterday. McLoughlin expects his call almost any day.

In giving McLoughlin and Mace in to the service of Uncle Sam, Southern California offers up her peers of national tennisdom. McLoughlin has thrice won the singles title of the United States. He came into national prominence when he won the national interscholastic for Lowell high school of San Francisco, in 1909. In 1914 he defeated Anthony and Norman Brooks in the world championships. With Tom Bundy, McLoughlin held national doubles title for three years.

Mace just last Saturday annexed for the fourth time Southern California singles honors. While at Princeton he became intercollegiate doubles champion with G. M. Church.

## PHYSICIAN LAYS \$25 THEFT TO DRUG FIEND

Officers are today searching for clues which may lead to the arrest of burglars who entered Dr. W. P. Ferguson's office in the Home Telephone building and made away with from \$25 to \$30 in gold and silver.

Dr. Ferguson had been to the Register office to pay for a year's subscription to the paper, and returning placed the purse in which he keeps his money in a drawer in the inner office. Some time later he was absent from the office for a few minutes, and in the evening the purse with all it contained was missing.

The doctor believes that the thief was a man who has been bothering him a great deal lately trying to get morphine. The man had been around the office the day before begging for dope, and the doctor had sent him away unceremoniously. The theory is that the man came back while the office was empty, and in searching for morphine, came upon the purse.

## TELLS HOW U. S. MEN IN FRANCE 'GO OVER TOP'

(By United Press)

Frank H. Burr, of Columbus, Ohio, a lieutenant in the American Legion, Canada's little vanguard of American troops was telling of the Americans' advance during a recent battle on the Canadian front.

"We jumped over an exactly seven o'clock," said Burr. "It was a beautiful summer morning, though marred somewhat by the shuttle and bang of our shells tearing up Fritz's barbed wire."

"It was my first time over and I admit being flustered just a little—but I realized it was up to me. So I crawled over the sacks, stood up and yelled 'let's go.' And we went."

"It's funny—the things a fellow will notice in a time like that. I picked up a little fox-terrier dog. He appeared from nowhere and adopted my heels as a good pair to follow. He frisked and barked and leaped around me as though he had found an old friend. He seemed to know just when to drop into shell-holes. When we reached our objective and captured the remaining Germans, the dog was still there, sniffing around dugouts, exploring shell-holes, and running up and down the old trench. A dog as lucky as that one is worth keeping; he's our company mascot now."

"I put hands on one Prussian guardman myself. The gentleman has a brother in San Francisco, California, and he couldn't get over his surprise at finding Americans in the

line in Canadian uniforms.

"Most of the Fritzies hate to be captured by Canadians because our fellows grab everything they can move as souvenirs. They bring back junk of all kinds—helmets, German coins, revolvers, knives and even pants-buttons. Fritz says the Canadians and Americans are fighting for souvenirs and it looks like it when we line up a bunch of prisoners and begin frisking their pockets."

## CAMPBELL IS AROUSED OVER BISBEE ACTION

PHOENIX, Ariz., Aug. 9.—Aroused over Bisbee's action yesterday in turning back a committee of five appointed by the Arizona Federation of Labor to investigate deportations there, Governor Tom Campbell is prepared today to leave for Bisbee to investigate the situation. Governor Campbell will demand to know by what authority Bisbee refused the committee entrance into the town.

He intimated that he would take "drastic action" today to "enforce law and order" in Bisbee. Asked if this meant Federal troops to enforce "law and order," he refused to commit himself specifically.

Men high in state affairs here and prominent citizens of Arizona are highly incensed at what they characterize as Bisbee's "damnable autocracy" and "un-American behavior."

## FINDS POLICE HARDER TO TAME THAN LIONS

SAN FRANCISCO, Aug. 9.—"Move on," Policeman Dick Hughes told a stranger loitering near the Hall of Justice.

The stranger spat upon the sidewalk and then leveled his piercing gaze on the officer. The officer, in course of time, got tired of the stare and arrested the stranger—who said he was Richard Riccardo, deep sea diver.

"Why did you stand and look at the policeman that way?" Police Judge Fitzpatrick asked Riccardo when the man was brought into court for spitting upon the sidewalk.

"Well, before I was a diver I was a lion tamer and that's the way I tame lions and I thought I could tame policemen that way. But it didn't work. They're harder to tame than lions," was the answer.

## CANNED GOODS RATE INCREASES SUSPENDED

WASHINGTON, Aug. 9.—The interstate commerce commission today issued an order suspending from August 29 to February 28, 1918, certain increases in rates on canned goods from San Francisco, Cal., on traffic originating beyond, to Portland and Astoria, Ore., proposed by the Great Northern Pacific Steamship Company and the San Francisco and Portland Steamship Company.

Southern Pacific Railway Company proposed increased rates on terra cotta from Oakland and other California points to Grants Pass, Ore., were ordered suspended until February 23, 1918.

## ORANGE BANKER NAMED C. OF C. PRESIDENT

ORANGE, Aug. 9.—E. W. Bolinger, cashier of the First National Bank, has been elected president of the Chamber of Commerce and will head the organization until the first annual meeting in January.

About forty-five men were in attendance at the election and twenty new names were added to the membership rolls.

Dr. J. D. Thomas, W. R. Winton, Willard Smith, Ralph Fuller and J. R. Porter were appointed as a nominating committee to select twenty-five candidates for the board of directors. A resolution was passed placing the committee names in nomination automatically. The result of the balloting was to elect the following directors: E. W. Bolinger, L. P. Damewood, George C. Woods, F. E. Hallman and Dr. A. H. Domann of Orange; J. R. Porter of West Orange; W. R. Winton of El Modena; Ralph Fuller of McPherson; Willard Smith of Villa Park; Dr. J. D. Thomas of Olive.

Next came the balloting for officers in which E. W. Bolinger was named president; L. P. Damewood, vice-president, and J. R. Porter, treasurer. When the results were announced, Bolinger was escorted to the chair and made a brief speech of thanks for the honor shown him.

The seven members of the board of directors not elected as officers were appointed as chairmen of the seven standing committees, with power to choose their own committeemen. The committee chairmen are: Ways and Means, Dr. J. D. Thomas; Membership and Grievances, Dr. A. H. Domann; Transportation and Industrial, Ralph Fuller; Horticulture and Agriculture, Willard Smith; Public Roads and Civic Improvements, W. R. Winton; Reception and Entertainment, F. E. Hallman; Publicity and Statistics, George C. Woods.

The board of directors will meet next Monday evening to elect a secretary from among the several applicants for the position.

New members received into the Chamber of Commerce are: M. Eltiste, Willard Smith, Clark Mead, Emil A. Rodbeck, W. A. Holt, E. B. Collier, A. S. Ralph, Judge J. E. Pleasants, Dr. F. E. Duncan, W. N. Cummings, J. D. Strong, G. G. Williamson, George L. Bates, W. E. Winterrowd, D. C. Pixley, Carl G. Jörn, Hugh T. Thomson, F. L. Moore and W. C. Lee.

## EXTRA CHARGES FOR LUMBER HAULS HIT

WASHINGTON, Aug. 9.—In a tentative order today the interstate commerce commission held that the practice of railroads and their connecting tan lines operating in lumber districts or participating in an arrangement for the movement of lumber from the mill by a circuitous and out of line route and of collecting in this way extra hauling charges, is unlawful and wasteful. The commission held that any charge exceeding \$2 or \$3 per car to cover switching charges would be unlawful, and that charges for haulage must be made on the basis of the most direct route.

## HIGHER PRICES FOR BEETS ARE SOUGHT BY GROWERS

Survey Urged By Weinstock At Meeting of Association In Los Angeles

Members of the Southern California Beet Growers' Association met at the Alexandria Hotel, Los Angeles, with Col. Harris Weinstock, state market commissioner, and representatives of some of the sugar factories, to discuss the general situation regarding the cost of raising beet crops.

Increase in the cost of labor and all materials that go into the production of the beet crop have created such conditions that, even though the year's beet crops are already contracted to the factories, the growers believe that increased prices should be paid. The situation has become so serious, said various speakers at the meeting, that there is a sentiment prevalent that higher prices must be secured or the growers will put their land to other uses the next season.

Col. Weinstock discussed the subject of co-operative marketing, and urged that if the Southern California beet growers are to continue in this line of production, they can best serve themselves by forming a centralized marketing organization, to which each grower would assign his crop for marketing under the best obtainable conditions. He said that benefits have come to the raisin and prune and peach growers through such organizations.

The pressing point for discussion was what shall be done about the present year's crop—whether it will be possible for the growers to obtain any more money for it than the contracts with the sugar factories called for. This question provoked prolonged discussion. The sugar factories were represented by A. R. Beck of the Anaheim sugar factory, and J. D. Barry of the American Beet Sugar Company. There were many conflicting statements between the two sides, and much spirited discussion took place.

Col. Weinstock advised that the growers and factories jointly provide for an immediate and thorough survey of the beet-growing districts of Southern California, so that the actual cost of production per acre may be definitely ascertained, and that this be used as a basis upon which

**\$1.00**

But worth more.

Hill & Carden

the controversy may be settled.

The matter is of serious moment, as, without the growing of beets, the sugar factories will have to close down, while the growers declare there is no advantage in going ahead with this class of crops unless they receive more profit than sugar beets have averaged during the past two or three years.

It is probable the association will agree with the representatives of the sugar factories to join in the proposed survey, to be followed by later negotiations regarding prices.

This morning at 10 o'clock the bean growers of this part of California will meet at the Alexandria with Col. Weinstock to discuss the advisability of forming a marketing association.

**\$150 REWARD IS UP FOR ARREST OF SLAYER**

One hundred and fifty dollars reward for the arrest and conviction of Jose Sanchez.

This is the offer made by the Board of Supervisors at the request of Sheriff Jackson. Sanchez is the Mexican who on July 21 shot and killed Loran E. Eckles at a dance hall at El Toro. The officers have been unable to secure any trace of Sanchez since the date of the shooting. In the hope that such an offer will bring forth a clew which will aid them in locating the man, the sheriff has deemed it wise to secure an offer of a heavy reward for his arrest and conviction.

Sanchez has been described as being between the ages of 20 and 25, about 5 feet 6 inches in height, weighing about 150 pounds. He is said to be of medium build, with black hair and dark brown eyes. He also has a noticeable scar across his throat.

**BUTTE'S STREET CAR STRIKE IS SETTLED**

BUTTE, Mont., Aug. 9.—The first street cars to run since the local street railway strike was called Saturday moved at 6 o'clock this morning. The demand of the men for a flat wage of 56 cents an hour was met by the company, which announced the abolition of the transfer privilege would not sufficient increase in revenue to meet the demand. Accordingly, no more transfers will be granted on Butte lines.

Members of the local I. W. W. announced that a reel of motion pictures, showing the burial of Frank W. Little, lynched I. W. W. executive, will be paid for and used by the national organization of the I. W. W. in its propaganda work.

**CONCLAVE OF COUNTY SEALERS CALLED OFF**

SACRAMENTO, Aug. 9.—Charles Johnson, state sealer of weights and measures, has announced that the third annual state conference of county sealers will not be held this year, it having been called off as a retrenchment measure.

In the past the counties always have paid the expenses of their sealers to these conventions and as this is an extraordinary year, Johnson suggested that the sealers pay their own expenses. This the majority of them did not want to do so Johnson solved the problem by calling off the convention.

## WAR MEMORIES ARE RECALLED BY VETERANS AT BEACH

Splendid Programs Carried Out By Old Soldiers at Annual Encampment

HUNTINGTON BEACH, Cal., Aug. 9.—Bringing with their life and drums and many of the old war customs which distinguish their camp from that of various other organizations which find themselves at Tent City each year, the Grand Army representatives for two days have been enjoying the renewal of old acquaintances and the fellowship which comes from association with those who fought with them in the Civil War. This year there is an added martial spirit because of the fact that the United States is again face to face with a great war.

The first evening program given for the entertainment of the old veterans was given by the local organization of the Woman's Relief Corps on Tuesday evening and included a number of fancy stunts, drills and readings which were thoroughly enjoyed.

Wednesday evening the Southern California organization of the Ladies of the G. A. R. had charge of the program, the execution of which was placed under the direction of the president of that organization, Mrs. Bell Leonard.

The first number on the program was given by a young lady, a member of the Sawtelle Circle, a song, "Tramp, Tramp, Tramp, the Boys Are Marching." This was followed by a recitation by Miss Gladys Miller entitled, "In the Year 1861."

Following this recitation came a Spanish dance participated in by four children, two boys and two girls, the youngest being ten years of age and the eldest being thirteen. The work of these young people was exceptionally fine and the applause at the end of each number was very persistent. However, encores were not permitted, the program being sufficiently long without. The names of the children were Sarah Timewell, Shirley Timewell, Margery Bond and Bernard Ensign.

Arthur K. Wyatt, an entertainer who camps on the grounds with the old soldiers when he is able to do so and who is this year enjoying his vacation in this fashion, followed with a series of stunts which captivated the audience. His numbers varied from story telling to music with several other varieties of entertainment in between. His singing was perhaps the most enjoyable feature of his performance.

Then followed Miss Margery Bond with a parol dance and Shirley Timewell followed with a fancy dance in Uncle Sam costume which delighted the audience.

Two readings by Miss Arminia Schoch followed and then the four children again appeared, this time in a series of dances varying from the stately minuet to the fox trot and the one step.

Miss Rosalind Fink gave two appropriate readings as did also Misses Della Snyder and Miss Hazel Miller. Messrs. Stroud and Bushnell gave a vocal duet. Mrs. Wann, "mother" of the Spanish War Veterans gave a reading, "The Songs Mother Used to Sing." This reading was broken by musical numbers in which the audience was invited to join.

The final number on the program was a patriotic original poem read by the author, Mrs. Frances Harwood, aged 83 years.

The attendance at the camp this year is probably about the same as last year. The registration of old soldiers is not quite so large but the number of tents occupied is slightly in excess of last year's record. A patriotic service will be held next Sunday morning at the Baptist church. Prayer meetings are held each morning at 8 o'clock at the Methodist church.

Pig slaughtering day, bean day and petticoat day will be observed as usual.

**CLAIMS METEOR WILL CAUSE WORLD'S END**

LOS ANGELES, Aug. 9.—Dell Fischer, aged Long Beach astronomer, takes issue with the Bible as to the method of the world's end.

"The earth won't end with fire as the Bible says it will; it will be hit with a gigantic meteor and shattered," he declared.

Fischer says there are thousands of meteors of sufficient size to demolish the earth in a collision, constantly flying through space. He claims it is only a question of time until one of them will hit the earth and the great collision of history will result.

"Then our world will burst into a thousand chunks and they will go flying off through space as that many meteors," declared the astronomer.

"What will become of the people then? Oh, that is of no consequence at such a time. Of course they will be destroyed but what will it matter at the time of so great a catastrophe."

**BARBERS DISFAVOR SHAVE PRICE RAISE**

SAN FRANCISCO, Aug. 9.—Action of the barber shop owners in raising the price of shaves to 20 cents is not to the liking of the barbers, and the Barbers' Union is considering action to get the price reduced to 15 cents once more.

"When shaves were 15 cents our customers always gave us the change out of the quarter as a tip," explained Harry Rathburn, barber at a local hotel today. "Now when we hand them back a nickel change they are

## VETERANS ARE GATHERED FOR THEIR OUTING

Big Crowd Is Attending G. A. R. Encampment at Huntington Beach

HUNTINGTON BEACH, Aug. 9.—The thirteenth annual encampment of the Southern California Veterans' Association opened here Tuesday and will continue until August 17. Veterans and their families will live in tents during the nine days of patriotic exercises, entertainment and recreation.

The encampment opened with an address of welcome by the mayor of Huntington Beach, to which Dr. D. W. Hasson of Buena Park, commander of the association, responded, after which entertainment was furnished by the Huntington Beach Post, Corps and citizens.

The official program for the succeeding days is as follows:

Thursday, August 9—10 a. m., reunion by states; 2 p. m., camp fire; evening, entertainment by N. P. Banks Post and Corps of Tropic.

Friday, August 10—2 p. m., meeting of ex-prisoners of war and army nurses; evening, entertainment by Sons and Veterans of Riverside.

Saturday, August 11—2 p. m., children's day exercises; evening, entertainment by Roosevelt Camp, U. S. W. V.

Sunday, August 12—10 a. m., memorial exercises; 2 p. m., sermon by the chaplain, Rev. C. R. Norton; 4 p. m., dress parade; evening, sacred and patriotic concert by the camp chorus.

Monday, August 13—10 a. m., court-martial to punish all outlaws, bandits and slackers; 2 p. m., camp fire; evening, entertainment by Bartlett Logan Post and Corps.

Tuesday, August 14—Camp under petticoat government; 4 p. m., dress parade.

Wednesday, August 15—10 a. m., election of officers; Sherman's "Bummers"; 1:30 p. m., prize dance; evening, entertainment by Robley D. Evans Post and Corps.

Thursday, August 16—10 a. m., election of association officers; 2 p. m., election of auxiliary officers; evening, installation of officers.

Friday, August 17—Break camp.

ing days is as follows:

Thursday, August 9—10 a. m., reunion by states; 2 p. m., camp fire; evening, entertainment by N. P. Banks Post and Corps of Tropic.

Friday, August 10—2 p. m., meeting of ex-prisoners of war and army nurses; evening, entertainment by Sons and Veterans of Riverside.

Saturday, August 11—2 p. m., children's day exercises; evening, entertainment by Roosevelt Camp, U. S. W. V.

Sunday, August 12—10 a. m., memorial exercises; 2 p. m., sermon by the chaplain, Rev. C. R. Norton; 4 p. m., dress parade; evening, sacred and patriotic concert by the camp chorus.

Monday, August 13—10 a. m., court-martial to punish all outlaws, bandits and slackers; 2 p. m., camp fire; evening, entertainment by Bartlett Logan Post and Corps.

Tuesday, August 14—Camp under petticoat government; 4 p. m., dress parade.

Wednesday, August 15—10 a. m., election of officers; Sherman's "Bummers"; 1:30 p. m., prize dance; evening, entertainment by Robley D. Evans Post and Corps.

Thursday, August 16—10 a. m., election of association officers; 2 p. m., election of auxiliary officers; evening, installation of officers.

Friday, August 17—Break camp.

**UPRISING OF APACHE INDIANS IS QUELLED**

GLOBE, Ariz., Aug. 9.—Without a shot being fired when bloodshed was expected, the Apache-Clique Indian and Mexican uprising and strike was quelled here early today when an armed posse of rangers and cowboys drove the disturbers from mine property in the Sierra Anchas mountains and arrested two of the leaders.

The Indians and Mexicans, employees of the United States Asbestos Mining Company, struck for higher wages and better working conditions. At one time they besieged nine white men in a dugout but permitted them to es-

## Shortage of Ice

We wish to notify retail purchasers of ice that during the month of August there will be a shortage of ice. The wagons will supply customers as far as possible each day, but no customer may have ice two days in succession.

Our plant is running capacity every day and we have attempted to purchase from other Southern California plants, without avail.

We ask the co-operation of the people during this time, as wholesalers are obliged to have ice to take care of their perishable goods.

BONDS VS. TAXES

There is a strong tendency evident in Congress, particularly in the Senate, to depend primarily on bond issues to raise money for the war. Financial experts point out that this is a mistaken policy, leading to grave evils, and unjust to the majority of our people. It is far better, they say, to impose heavy taxation, and pay as we go for as much of the war expenses as possible.

Great bond issues, they explain, lead to great inflation. They multiply the quantity of money and credit in the country. The swelling of money and credit fosters dangerous business expansion, speculation, public and private extravagance—and high prices.

This last item is probably of most interest. It is a commonplace economic fact—too often overlooked in practice—that more money and credit inevitably mean cheaper money and more expensive living. The dollar buys less. Prices soar. It is as plain as the nose on your face, the financiers say, that every billion dollars of war bonds issued will have a definite effect in jerking up the average prices of commodities.

Heavy taxation, they say, will have a tendency to restrain this inflation, and may result in lower prices. If the nation pays as it goes, it will hold down the volume of money and credit and thereby hold down prices. The taxes may be burdensome, but it is argued that they will be less burdensome than the added cost of living about the nation.

And there is another important factor that must not be overlooked. Heavy taxes encourage thrift. If we feel the pressure of direct and unaccustomed taxes in our business, household and personal affairs, we are likely to be more careful of our expenditures. And thus we may gain doubly.

It is impossible to meet all of our war expenditures by current taxation. They are too great. But the public should welcome as heavy direct taxes as it can stand, in the knowledge that in the long run they are preferable to the indirect tribute it will otherwise have to pay.

GOOD FROM EVIL

"Emperor William must be given credit for doing more than any other man in the world toward uniting the free peoples of the earth," says a Canadian writer. "From this union will come the greatest benefit also to the people under the Kaiser's sway. The greatest democracies will give to the inhabitants of Central Europe a correct conception of the best type of government."

The nations understand now what political freedom means, and how essential it is to the life of the individual and the progress of the race. Liberty has been changed from a vague abstraction to a keen reality, a goal worthy of men's utmost striving.

The worth of this lesson is incalculable. It has given a new self-respect to the greater part of mankind. It has made hundreds of millions aware for the first time of true human values. It has immensely quickened the vital, constructive power of the race. It has made forever impossible, we trust, a return to the throttling, medieval conception of the bulk of humanity as the natural serfs of a chosen few, of an aristocracy superior to law and morality. It has paved the way for the illumination and liberation of the enthralled Germans themselves.

CAME TO AMERICA

Commenting on the plea that Germany "must retain her colonies in Africa, and some sphere of influence in Asia," in order to provide relief for her overflowing population, the New York Times gives some interesting and little-known facts.

Germany's African colonies, now in the hands of her enemies, aggregate about 1,000,000 square miles, and include some of the best lands on the continent. To what extent were they utilized, before the war, to drain off the overflow of the German Empire and provide opportunity for entering Teuton pioneers? Well, in the five years, 1907-1911, inclusive, the total

emigration from Germany to Africa amounted to 130 people.

And how many Germans have overflowed into the Teuton sphere of influence in Asia during those five years? Exactly one.

In the same period more than 110,000 Germans came to the United States.

The year before the war began, there were altogether, in German colonies throughout the world, only 24,000 whites, and they were nearly all soldiers and officeholders.

The German government may have its own ideas about the desirability of colonial expansion, but the German people instead of expanding into the space provided for it have expanded into a land of democracy.

THE EDITOR'S TRIBUTE TO HIS DEAD FRIEND

Though seemingly tardy, I am really writing at the first possible moment to pay my poor tribute to the memory of my friend, E. E. Keech, of whose tragic death I have just heard through the Register. I am inexpressibly shocked and terribly grieved. My sense of loss is staggering. Though frail of body, E. E. Keech was very much alive, and I find it difficult to realize that he is dead. Is he dead? What is death? This I know—that his spirit is deathless.

Knowing myself as I do, I think I can pay no higher tribute to the memory of E. E. Keech than to say, with absolute sincerity, that I can count on the fingers of one hand all the men I have ever known who were his peers in my friendship.

He was a good citizen of the highest type—not always espousing the popular cause, but frequently opposing popular clamor in support of his own convictions. In a purely personal and wholly private way, as well as in connection with organized public effort, he was always investigating, thinking, talking, doing in behalf of the public welfare. I believe that I never talked with him a half hour in my life that he did not get in a word or two about the public weal, thus sowing a seed in my heart and pricking my conscience to tears with which to water it. Thus he fruitfully touched the lives of all with whom he came into contact.

Mr. Keech's character was strongly marked by loyalty, sincerity, frankness. He was a very busy man and a constant and efficient worker—painstaking, sympathetic, indefatigable, intent, enthusiastic—yet I never found him too busy, when not in court, to place himself entirely and immediately at the service of any friend who went to him for either personal or public help.

I do not know where his spirit dwells—whether it roams beyond the farthest stars or hovers lovingly about his dear ones of the earth. But if our spirits have a final habitat, I can only hope that his may find a resting place in fields elysian, where autumn never trails its scarlet fringes through the green of eternal summer and where the violets and forget-me-nots never cease to bloom.

J. P. BAUMGARTNER.

With Malice Toward None

By Henry James

About the Jitney

In more than one city the jitney bus has gone into the discard, and for this there ought to be gratitude on the part of the regular transit companies. A nice way for such action to be expressed would be in better service. If there has been any expression of this nature in my town it has been overlooked, and the distance to which I live has the distinction to furnish forth the worst service ever observed in a metropolitan place. In connection with it there is a baseless theory that cars move on five minutes headway, but the intervals are from ten to twelve minutes, with an occasional fifteen, designed to test the human soul. The other evening a fairly well filled car started from downtown, and upon reaching the barn, a few blocks toward the suburbs, dumped its load, there to wait for the next car. But the next car also dumped its passengers to wait the arrival of the next. These sad facts are set down not in the hope of bringing about reform, but just to let the company know that the public knows when monopoly "rubs it in."

He's a Colonel

A desperate highwayman just arrested in Southern California says that he is a Mexican colonel, and there is no doubt as to his guilt on the bandit charge it is clear enough also that he is guilty of the colonelcy.

Poison in the Pie

I. W. W. threats to poison fruit put up in canneries are said to have been made. Fields of grain have been destroyed by means of ignition bombs. Labor has been seduced into striking in the absence of grievance and mills and elevators have been burned. Isn't it about time to hang somebody for treason?

Too Deep

The average citizen can perceive no reason why the minimum price of grain should be fixed at \$2. The average citizen thought the plan was to prevent speculation in foods and not to foster it.

Threatening Outlook

It is said that Mrs. Mooney, accused of dabbling in dynamite, will next time be tried by a jury of women. With every hope that the woman may get just exactly what ought to be coming to her, nobody could wish a jury of her own sex upon her.

Snubbed

Colonel Roosevelt refused to meet Mayor Thompson of Chicago, thereby doing the proper thing. The only excuse a real American could have for meeting Thompson would be an ambition to punch his nose.

New York Horse Cars

Only a few weeks ago there was occasion to mention that horse cars had again disappeared for the last time

from the streets of New York. It is a pleasure, to record that they have just disappeared once more, as usual, for the last time.

Pork

In common with other American citizens I have been taught to believe that the river and harbor bill regularly passed by congress is nothing but a form of graft. It is a puzzle why the government should be obliged to pour good money into streams too shallow for the disporting of the duck. It did seem as though for this one crucial time the pork barrel might have been permitted to remain empty, and it is with more or less sorrow the fact has to be recorded that the statesmen filled it as usual, in the intervals of their squabbling over things of importance.

More Science

A scientist declares that the man of the future will be devoid of teeth or hair, and also of the little toe. Scientists are not to be judged by this incident. Some of them really talk sense.

A Kiss and a Blow

Recently a wife testified that when she refused her husband a kiss it was his custom to beat her. But how could she bear to refuse so delectable a spouse anything.

The Paramount Issue

According to recent headlines the defense of the nation is the paramount issue. So it seems to a lot of us. Congress does not seem to have caught on to the situation yet.

Cowardice

Commenting on suicide statistics an esteemed editor charges the suicide with cowardice. Sorry to disagree. Jumping into the unknown may be wrong and foolish, but it takes nerve. To face death alone and without hope of glory is about the coldest deal in the whole deck of circumstance.

MORE CIVIL SERVICE POSITIONS ARE OPEN

SACRAMENTO, Aug. 9.—The State Civil Service Commission has announced examinations for the following dates to fill vacancies in the state service:

Stenographers in the office of the state veterinarian, August 25; salary, \$1200 per year. Last day for filing application, August 18.

Stenographers and typists, September 1. Last day for filing applications, August 25.

Positions at the California School for Girls, Ventura: Superintendent; head bookkeeper; stenographer; commissary clerk; psychologist; physical director; general school teacher; sewing instructor; laundry instructor; physicians; house mother; dormitory night watch (woman); mechanical and electrical engineer (man); head farmer (man); farmhand (man); poultrywoman; night watchman. The last day for filing applications is August 28.

3 SONS DRAFTED, L. A. WOMAN TRIES TO DIE

LOS ANGELES, Aug. 9.—Ill. health and a temporary absence from home of her husband proved a heavy cross for Mrs. Ben Groves, 52, to bear, but when her three sons were drafted in war service simultaneously, she shot and fatally wounded herself early today to end it all. Surgeons at the receiving hospital say she cannot recover.

ACCUSED GATE CITY MAN TO JOIN ARMY

SAN BERNARDINO, Aug. 9.—His appeal to the district attorney that he be allowed to fight and die, if necessary, for his country to remove the stain against his name granted today, Stephen V. Barry, charged with attempting to murder his wife and L. M. Field, will go with the first call. He was passed by the exemption board in the first examinations and waived exemption. The charge against him was dropped and he was freed to await service.

JAPAN PLANNING TO REPLENISH WAR CHEST

TOKIO, July 2 (By mail)—Japan, to date, has spent \$164,500,000 on war expenses, although \$71,000,000 of this sum is for the current fiscal year. Most of the war expenditure has been met with surplus of revenue which the government held in August 1914, but this is now exhausted and the authorities are considering other measures to cover Nippon's fighting bill.

KEEP A-GOIN'

If you strike a thorn or rose, Keep a-goin'!  
If it hails or if it snows, Keep a-goin'!  
Taint no use to sit and whine When the fish ain't on your line, Bait your hook and keep a-tryin', Keep a-goin'!

When the weather kills your crop, Keep a-goin'!  
When you tumble from the top, Keep a-goin'!  
S'pose you're out of every dime? Gettin' broke ain't no crime; Tell the world you're feelin' prime, Keep a-goin'!

When you feel like all is up, Keep a-goin'!  
Drain the sweetness from the cup, Keep a-goin'!  
See the wild birds on the wing! Hear the bells that sweetly ring— When you feel like singin'—sing! Keep a-goin'!

\$10,000 AND POSTAL CLERK ARE MISSING

TUCSON, Ariz., Aug. 9.—Ten thousand dollars in currency and Walter D. Coakley, a postoffice clerk, are missing here today, according to Postmaster J. M. Ronstadt. Federal authorities are searching for Coakley.

When packing bottles of liquid for traveling, dip the corked top in melted paraffine to avoid accidents.

PHYSICAL TESTS NOW COMPLETED

BRITISH SLACKERS POSING AS VETERANS

LONDON, July 20 (By mail)—The Provost Marshal has discovered a new way of circumventing army slackers. He won't let the London hock-shops sell military or naval uniforms any more because slackers were buying them and posing as fighters on extended leave.

The slackers know no modesty. If he can't get the uniform of a brigadier—well, a field-marshal's tunic will do, with lots of medals.

Captain H. T. Hewitt, handling the prosecutions for the illegal sale of uniforms, obtained three convictions in one day, an indication of the wide spread of this type of evasion. One dealer was fined \$275 for selling a civilian the uniform of a general-staff colonel with two Ashanti medals.

Magistrates threaten to impose the maximum fine of \$500 in future cases.

RUBBERNECK WAGONS AT CAPITAL ARE HIT

WASHINGTON, Aug. 9.—The war has hit Washington's rubberneck wagons an awful wallop. The closing of the treasury, White House, State, War and Navy and all other public buildings to visitors has shorn the sightseeing kings of about half their star program. Their gaudily varnished trucks with open coach bodies atop them, which lumber up and down the streets of Washington by the dozen, no longer stop while their passengers are shown the internal wonders and mysteries of America's legislative and executive halls. There's too good a chance that German spies might be among the gawkers.

KEEP AT IT

When Life's skies are dull and gray— Keep a-plugging!  
The sun will drive the clouds away— Keep a-plugging!  
If you meet reverses—grin; Never mind the croaker's din; It's the men that dare, who win— Keep a-plugging!

When the World's face wears a frown, Keep a-plugging!  
Square your shoulders, laugh it down, Keep a-plugging!  
Tho' the road is often steep, Mountain top and valley deep— Mount Life's pathway, stumble, creep— Keep a-plugging!

Tho' the going is often rough, Keep a-plugging!  
Only cowards cry—enough! Keep a-plugging!  
Not the man who can or will, But the doers fill the bill. They're the ones who own the mill— Keep a-plugging!

—Roland A. Beens.

Every farmer should raise a large flock of poultry this season, not only because prices of poultry products will be high, but because this country and its allies in the war will need all the poultry and eggs that can be produced.

### We Have Some Thing To Tell You About Furnishing Your House

Home-making is the greatest of arts. The woman who makes her house attractive is an artist.

And it is so easy to be one today.

When customers come to this store we feel that by our advice we are helping to make a home, not merely selling something.

That is the way confidence in the store and its goods is built up.

Today we are in a position to advise every woman in the selection of handsome, sturdy furniture for every room in the house.

### WE HAVE THE STYLE AND FINISH IN BED ROOM FURNITURE TO HARMONIZE PERFECTLY WITH ANY BEDROOM. COME AND SEE FOR YOURSELF.

There is a brightness and charm to our artistic bedroom suites that will appeal strongly to every lover of good furniture. If you want to know what can be done to make the bedroom a place of beauty there is no better way than to come to our store and see some of the beautiful period styles we are showing in William and Mary, Queen Anne, Adam, and Scrowl Colonial, in white and old ivory enamel, English brown Mahogany, and American Black Walnut.

### IN THE JUSTICE COURT

## CONVICTIONS FROM JURY TRIALS ARE UNDER ACQUITTALS

### Justice Cox Reviews and Piles Up a Few Figures to Be Gazed Upon

Justice Cox went back over the records since 1911, and he found that in that time seventy-one jury cases had been tried in his court, and in twenty-four cases only were convictions secured. He also found that in that time he had disposed of about 5200 criminal cases and about 1800 automobile cases.

**Case Dismissed**

Justice Cox dismissed the charges against J. J. and E. E. Caulfield and James Fallon, peddlers, who were arrested on charges of getting money under false pretenses. It was reported that they told housewives that goods they were offering for sale had been smuggled.

**Also Dismissed**

Justice Cox found Inez Lang of Anaheim not guilty of keeping a disorderly house.

**AT THE COURTHOUSE**

**Want to Trade Back**

August Ertel evidently believes he was stung when he traded his ranch near Anaheim for a ranch in the Tia Juana valley, San Diego county. At least, he wants to trade back, and he is asking the courts to make the other parties to the trade do as he wishes them to do.

Ertel said that he was informed before the trade was made that a lot of debris, gravel and sand that had collected on the ranch was the result of the breaking of a dam, that in twenty-five years the ranch had never been flooded until the dam broke. Ertel got the ranch in October. The next spring it percolated into his mind that the ranch was one that had been flooded every time the Tia Juana river got on a rampage, which was about once in four years.

**To Quiet Title**

Mrs. Catherine Leieritz has brought suit against D. W. and W. G. Emmett to quiet title to property at Delhi, B. E. Tarver is attorney for the plaintiff.

**Suit for Divorce**

Action for divorce has been brought by Jennie L. Morris against Clyde L. Morris. M. A. Cain is attorney for the plaintiff.

**Appointed Deputy**

County Game Warden Adkinson has appointed G. Hoppe as a deputy game warden.

**LABOR ATTORNEY TO PROSECUTE F. OXMAN**

SAN FRANCISCO, Aug. 9.—District Attorney Fickert gave his consent in a letter made public today to having an attorney representing the San Francisco labor council take part in the prosecution of Frank C. Oxman, for subornation of perjury in the Thomas Mooney bomb plot case.

Fickert stipulated, however, that the council must not appoint a lawyer who has represented any anarchistic organization.

## BIRTHDAY DINNER

Mrs. Edith Rochester Hostess  
For Miss Haskins at Informal Entertainment

Honoring the birthday of Miss Florence Lucretia Haskins, Mrs. Edith G. Rochester entertained at a delightful informal dinner party last evening. Besides hostess and honoree, covers were placed for Mr. and Mrs. James Willis Rice, Mrs. Dempster and Lawrence S. Wilkinson.

The table was centered with dainty pink Cecil Brunner roses and the place cards held clever verses apropos to the occasion, the work of the hostess, and each was trimmed with a tiny rosebud. The verses were read by the holders. The complimented guest's place was marked with a wreath of roses and ferns and she cut the pretty birthday cake.

Following the enjoyment of the delicious menu, James Willis Rice, accompanied by Mrs. Rice, delighted the guests with violin music.

## Dr. and Mrs. Paul to Entertain

The home of Dr. and Mrs. J. E. Paul will be opened to the members and friends of the Congregational church on Friday with Mrs. Paul and Mrs. E. M. Nealley as hostesses. In the afternoon at 3 o'clock the women of the church will gather for a business meeting, and to sew for the Red Cross.

At 6 o'clock all the congregation—men, women and children—are invited for supper. As this is to be in the nature of a picnic, those who come will please bring plate, cup, knife, fork and spoon, as well as a contribution to the supper—either sandwiches, cold meat, potato salad or cake, and a dime. Ice cream and coffee will be furnished.

Those who wish transportation and those who have extra seats in their cars will please meet at the church not later than a quarter of six.

Dr. Magill, Osteopath. Phone 956-W.

First Presbyterian Missionary  
Society Meets Yesterday,  
Receive Reports

The Woman's Home and Foreign Missionary Society of the First Presbyterian church held an especially interesting meeting yesterday afternoon in the Sunday school room.

Mrs. V. Montgomery was in charge of the devotionals, and vividly portrayed, from a part of the second chapter of Judges, the loving care of God.

After a short business meeting, excellent and enthusiastic reports from the conference of missions, recently held at Los Alamitos, were given by the two delegates, the Misses Edith Higgins and Anna Anderson.

The secretary of temperance, Mrs. Nord, gave current event topics upon the subjects of tobacco and liquor.

Mrs. Cleland of Los Angeles, president of the Presbyterian society, was the guest of the society and it was indeed a treat and an inspiration to listen to her talk upon the object and work of the missionary societies.

Mrs. Jones of Orange, secretary of the "Box Work" of this district, made a plea for three dozen dressed dolls for the Presbyterian missionary, Miss Abbott, of India.

An organization of young ladies in the church offered to buy one dozen of the dolls, and dress all the thirty-six, if the ladies would purchase the remainder needed. As the money for this object can not be taken out of the treasury, contributions will be received.

## Personals

R. I. Lendrie and family motored to Los Angeles yesterday for a day's outing at Exposition Park.

Frances Shepherd left today for Los Angeles today to spend a week with friends.

H. Clay Kellogg, president of the Orange County Engineering and Construction Company, left last night for Oakland to be gone for two weeks, looking after a contract for building a mausoleum.

Miss Grace White has returned from her vacation trip to Yosemite and other interesting points, including San Jose, where she has relatives.

Mrs. Robert Browne is spending a few days with Mr. and Mrs. H. T. Duckett, before leaving for her future home at Jerome, Ariz.

John Elosen is here from China on a visit to friends.

Professor and Mrs. H. O. Sisson of Pasadena returned home today, coming here to attend the funeral of Mrs. C. O. Neff.

Rodolph W. Diver came in from Brawley yesterday to cool off.

Mr. and Mrs. J. B. Large of Calexico, who have been guests of Dr. and Mrs. C. V. Billingsley, left this afternoon for Los Angeles, and will later go to the mountains.

**MASONIC NOTICE**  
Santa Ana Lodge No. 241 F. & A. M. will confer the third degree of Masonry Friday evening at 7:30. Visitors welcome.

## DOUBLE CEREMONY

## Misses Maude and Leona Holland, John and William Sebastian Wed Yesterday

Brilliant lights glinting upon myriads of pink blossoms and a profusion of cool green ferns and palms, inspiring music, beautiful gowns and thrilling marriage service, made the picture long to be remembered by the company of relatives and friends, which gathered at Spurgeon Memorial South Methodist church last evening to witness the double marriage of Miss Vera Leona Holland and John Sebastian and Miss Maude Lillian Holland and William Sebastian.

The church was most artistically and beautifully decorated in pink and green, the color motif chosen for the harmonious adornments. The pulpit was banked high with lacy ferns and potted palms at its base and flanked upon either side with huge clusters of pink roses upon graceful pedestals.

In the archways between the auditorium and Sunday school rooms, were placed hanging baskets of long drooping ferns, in whose depths drooped sprays of pink ivy geranium, as though growing with the plants.

Upon the piano stood a huge cluster of pink petaled hydrangeas surrounded with sprays of ferns, which also twined about the choir rail, making an effect indescribably pretty.

As the hour of eight-thirty chimed, James Nuckolls, accompanied upon the piano by Miss Hester Covington, beautifully sang "Song of a Heart" and "Sweetheart." Miss Ona Buckley sweetly sang that most appropriate of wedding love songs, "Oh, Promise Me," with pipe organ accompaniment by Miss Covington.

The opening chords of Lohengrin's Bridal Chorus then rang out and the bridal procession entered from each side of the auditorium, led by the two maids of honor, Misses Lela Sebastian and Effie Howland. The bridesmaids, six in number, wore dainty pink and green gowns alternately and carried pale pink carnations and ferns. They were Misses Minnie Phillips, Lizzie Brown, Lottie Morris, Mary Jones, Grace Martin and Helen Chaffee. The groomsmen were:

Leon Rudd, Ardis Gray and George Clark, all of Downey; Jay Brooks, Francis Westgate, Charles Martin and Homer Holzgrafe, C. H. Gray.

The four couples took their stands in triangle form in front of the pink and green bower, before which Rev. A. T. O'Rear, pastor of Spurgeon Memorial church, and Rev. George C. Clark, former pastor here and now stationed at Downey, where the two couples will make their future home, awaited the coming of the party. They alternated in reading the impressive service, in which the young people pledged their troth to one another. During the ceremony, Miss Covington safely played "Love's Old Sweet Song."

The brides are beautiful young women and made charming pictures in their filmy gowns of white georgette crepe, fur trimmed and with misty veils moored to the heads with waxen lilies of the valley. They carried arm clusters of Bride roses and maiden hair ferns.

The newly wedded couples marched from the church to the inspiring strains of Mendelssohn's Wedding March and cleverly evaded their well meaning friends. They have gone to Santa Catalina Island for a wedding trip and will be at their cosy new homes in Downey, where the young maids are in business, after August 19.

The brides were going away dressed in blue tulle with harmonizing accessories. They are the daughters of Mr. and Mrs. James A. Holland of 1419 West Fifth street and the grooms are the sons of Mr. and Mrs. John Sebastian of Bristol street. Their hosts of friends will extend to them their heartiest congratulations. Hosts of handsome gifts to both couples be-tokened the esteem in which they are held.

Among the out-of-town guests attending the nuptials were Mrs. J. Hartshorn, Pasadena; Mr. and Mrs. Davis, Misses Edie and Fay Holland, Mr. and Mrs. Encoe and Miss Helet Chaffee, all of Los Angeles, and Miss Lizzie Brown and Francis Westgate of Garden Grove.

**NOTICE—FRATERNAL BROTHERS**  
On Thursday evening the Fraternal Brotherhood Lodge will give a special Patriotic program in honor of the members accepting service under our flag. Mrs. Emma R. Neidig of Los Angeles will deliver the principal address. Refreshments and dancing.

IN THEIR  
COUNTRY'S  
SERVICE

Sergeant Jack Holt of Santa Ana has won fame for himself in the quartermaster's department at Santa Vista. He knows mules like a book. There was a contest on in harnessing and hooking four mules to a wagon. Holt hooked his four mules up and got on the seat in a few seconds over thirteen minutes. The top sergeant looked wise, and said that the mules were not such a bad quartet. They then went to kicking and rousting about, and it took the top sergeant an hour and a half to hook 'em up, and then they had to take the top to the hospital. He has been replaced by Sergeant Holt of Santa Ana, Holt was with Company L at the border.

## ORDERED TO DUTY

Orders were received today by W. H. Titchenal, F. G. Freeman and Sam Burke, of this city, to report in Los Angeles for duty Saturday. These men are enlisted in the California Field Artillery, recently organized by Stewart Edward White.

MRS. CHARLES O. NEFF  
FUNERAL THIS MORNING

The funeral services of Mrs. Charles O. Neff were conducted at Mills and Wimbler's Mission Funeral Home at 10 o'clock this morning, by her pastor, Harcourt W. Peck, assisted by Rev. F. G. Watson, pastor of Richland Avenue Methodist church.

Mrs. Theo. Wimbler and Mrs. Garrett sang "Sometime We'll Understand" and "Saved By Grace." They were accompanied on the piano by Mrs. W. B. Snow.

Numerous floral offerings were sent by the many friends of Mrs. Neff, and by the various organizations of the Methodist church with which she was actively associated. A beautiful floral piece was also contributed by the Griffith Lumber Company.

Ella M. Lawrence was born in 1868 at Monterey, California, where she passed her early childhood. She became the devoted wife of Charles O. Neff in 1885 at Arlington, Indiana.

Sixteen years ago Mr. and Mrs. Neff and their family moved to Santa Ana where they have lived most of the time since.

Their daughter, Lenore, died on Feb. 17, 1917, a little less than six months before her mother. Mrs. Neff has been a patient sufferer for above five years and the death of Lenore was a very heavy loss to her from which she never fully recovered.

From her early childhood she had been a devoted Christian. She held her membership in the First Methodist Episcopal Church, Santa Ana, at the time of her death. She was for many years the superintendent of the primary department in the Sunday school and gave herself without stint to the work. Mr. Neff and daughter, Gladys have also been faithful, consistent workers in the church which mourns with them the loss of a wife and mother and one of its best workers.

The whole community joins in sympathy with them in the double loss of a mother and daughter in less than six months.

From the garden of life was transplanted today

A flower, full blown, from the beds of clay.

To the garden above, by the streets of gold.

Where 'twill bloom alway and never grow old.

We shall miss the flower, with its fragrance rare.

Filling hearts and homes everywhere;

But there it will richer, brighter be, In heavenly love, from pain set free.

**BUILDING ADDITION  
TO WALNUT HOUSE**

An addition is being built on to the southwest corner of the big packing house of the Santa Ana Valley Walnut Growers' Association, corner of East Fourth street and the Santa Fe tracks.

FINGER AMPUTATED AS  
RESULT OF BAD SMASH

Mrs. A. Bach suffered a painful accident this morning when a door slammed shut on the third finger of her right hand.

The finger was badly mashed, down to the first joint. Mrs. Bach was taken to the Santa Ana Hospital, where it was found necessary to amputate the injured member at the first joint.

WOLLENBERG SLIGHTLY  
BURNED BY BACK FIRE

Fire caused by a backfire from an automobile caused the fire department to be called to Jack Wollenberg's garage at Second and Bush this morning about 10:30.

The fire was extinguished before the fire department arrived. Wollenberg, who was repairing the machine, was slightly burned on the arms and shoulders. No serious damage was done to the machine.

FORMER ORANGE MAN  
FRIGHTFULLY BURNED

ORANGE, Aug. 9.—Word has been received here of a serious accident to L. A. Stevenson, former Orange man who now resides in Glendora. Stevenson was dangerously burned in a sugar factory at Chino in an accident that injured two seriously and endangered a hundred others.

A flywheel on a large engine burst and cut a main steam pipe line. The scalding steam enveloped Mr. Stevenson, burning one side and his legs very badly.

If eyes hurt, phone DR. HANCOCK Pac. 277-W, for an appointment

Sidway baby carriages, Chandler's, 510-516 North Main St.

A DOUBLE WEDDING  
ON SINGLE LICENSE

Here's a mystery or a joke or an oversight or something of that sort.

There was a double wedding last night, but only one marriage license was issued.

There was a license issued for William Sebastian and his bride, but there was none for John Sebastian and the young lady to whom he was married at the Spurgeon Memorial church.

Hearing of the discrepancy, relatives of the brothers and brides here were unable to offer any explanation today.

The couple married in just as good faith as anyone ever did. Some are wondering if they married a few days ago somewhere else, just to fool their friends.

ASTOUNDING REPORT  
FOR SANTA ANA

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruit and hot water. Everything else would sour and ferment. ONE SPOONFUL, buckthorn bark, glycerine, etc., as mixed in Adler-ika benefited her INSTANTLY. Because Adler-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It was QUICKEST action of anything we ever sold. The Rowley Drug Co.

## CARD OF THANKS

—We wish to express our thanks to friends and neighbors, also the Woman's Relief Corps, for their tributes of love and sympathy during our recent bereavement.

## LAGUNA BEACH NEWS BUDGET

LAGUNA BEACH, Aug. 9.—"La Madera Casa," the attractive Cliff bungalow of Mrs. Jonas Schooley-Wood, of San Bernardino, opened its hospitable doors Tuesday afternoon to a number of Mrs. Wood's friends. Bridge was the feature of the afternoon's entertainment.

The living room, where the four card tables were arranged, was decorated with large bouquets of scarlet roses and dahlias. The prize, won by Mrs. Frank Champion, was a set of pearl headed hat pins.

Mrs. Wood's guests were Mrs. Ben Turner and Miss Pauline Davis, who motored down from Santa Ana for the afternoon; Mrs. James Rice and her guests, Mrs. Sherman Stevens, Miss Rosa Boyd and Mrs. P. R. Reynolds, of Santa Ana and Tustin; Miss Adams of Canada, Mrs. Louise White and Mrs. E. B. Howe of Riverside, Mrs. Harry Ennell of Oakland, Mrs. H. B. Andrews of Los Angeles, Mrs. Ann B. Mason, Mrs. C. C. Cravath and Mrs. Frank Champion of Laguna Beach, and Miss Mabel Thor of San Bernardino.

Mrs. Sherman Stevens, who is visiting Mrs. James Rice at Laguna, entertained her hostess and her fellow guests at a luncheon at the Honey-suckle Lodge Tuesday noon. Immediately following the luncheon, the ladies went to the home of Mrs. Jonas Schooley-Wood, where they spent the afternoon at cards. Mrs. Stevens' guests were Mrs. James Rice, Miss Rosa Boyd, Mrs. P. R. Reynolds and Miss Adams.

Tuesday Mr. and Mrs. Harry Green of Riverside returned to their home for a few days. When they come back to Laguna they hope to bring their daughter Elizabeth with them. Miss Green has been attending summer school at the University of California. William Bathgate, who has for some time been in Laguna Beach with his brother, S. M. Bathgate, spent the week-end at his home in Villa Park. Mr. Bathgate went up to be with his sister for a short time before she leaves for Berkeley, where she will attend the university during the coming year.

Peacock's Laguna and Arch Beach Stage

Leave Santa Ana Daily: 9:15 a. m., 10:15 a. m., 2:15 p. m., 4:15 p. m., 5:15 p. m. \*Daily except Sunday. Sunday Only—Leave Laguna Beach 6:30 p. m. Leave Santa Ana 8:30 p. m. SANTA ANA OFFICE & DEPOT 416 North Sycamore St.

Miss Charlotte Deacon, who has been in Laguna during the past six weeks, left Monday for her home in Pasadena. Miss Deacon will return in a short time to spend the remainder of the summer here.

Mrs. J. W. Johnson and her three sons, Wolcott, Roger and Stanley, spent the week-end with Mrs. Louise White and her family in the Chapman cottage on the Cliffs. Wolcott and Roger returned to their home in Los Angeles Sunday afternoon, but Mrs. Johnson and little Stanley remained at the beach till the following day.

A jolly group of young people danced and played games during the early part of Monday evening in the Clapp pavilion. Later when joined by a similar group, also on pleasure bent, they repaired to the shore. There they built a large bonfire, and amid the fun and frolic that is inevitable at a wicker bake, toasted and feasted to repletion. Those who participated in the fun were the Misses Helen Goff, Laura Rutter, Mildred Warner, Louise Robertson, Dean Pulman, Laona Helburg, Grace Kelly, Elizabeth Russett and Margaret Delton; Mr. and Mrs. Frank Carter and Messrs. Tony Derkum, Vivian Sayles, Rolfe Barry, Roy Stewart, Wilbur Wheeler, Darrel Porter, Glen Watkins and George Hebard.

8 NEW WELLS BROUGHT IN DURING ONE WEEK

FULLERTON, Aug. 9.—Operations for the week on the Union's Hole lease has resulted in the completion of No. 14. The well was completed at 2600 feet, and is making a nice production of 1000 barrels daily. Hole 8 is drilling at 3400. Hole No. 9 has been finished up and is doing a little better than 200 barrels daily.

The Union has completed No. 40 on the Graham-Lofus, and it is being tested out. Thus far the results have not been very encouraging and the well is making very little oil. No. 41 is also being tested out.

On the Emery lease the Standard Oil Company has completed No. 31 at 4020; put the well on the beam and has a producer making 150 barrels of 19 gravity oil. On the same property tests are being made for water on No. 32 and 33.

At the Murphy lease the week's operations show No. 21 completed at a depth of 4962, and making 160 barrels of 27.8 gravity oil. No. 28, finished last week, is still holding up well on production as the well is doing a little better than 1500 barrels.

The latest find No. 42, completed at 2293, and making 200 barrels.

OIL WORKER HURT

BREA, Aug. 9.—A jump down an embankment of ten feet caused serious injury to Thomas Jackson, 67. Jackson has a broken pelvis and a fractured leg. He was handling a barrel of oil at the top of the embankment. In his efforts to move it, he lost his bal-

## TALBERT AUTOISTS HOME FROM TRIP TO NORTH CALIF.

TALBERT, Aug. 8.—Rev. and Mrs. Andrews went Thursday evening to Long Beach, where they remained until Saturday.

Herman Kutzner took the examination for the navy last week but was not accepted on account of defective hearing. The first of this week he took the army examination and expects to hear the result in a few days. Kutzner evidently does not intend giving a chance for the name of "slacker" to rest upon him, judging from his persistence in trying all the branches of the service.

F. D. Plavan and sons Clyde and Paul, reached home Tuesday evening of last week after an interesting ten-day auto trip to the northern part of the state. A tour was made all through Inyo county, and Yosemite was also visited before a start was made for home. The Yosemite trip had not been previously planned on but when it was found a pass which greatly reduced the distance, had been secured for traffic two days before they decided to take advantage of it, so had this added pleasure on their trip. A couple of days were spent at the park, the return trip being made directly from there.

Mrs. J. G. Parsons was called to Santa Ana Monday morning to the bedside of her uncle, T. E. Johnson, who is at the Santa Ana Hospital in a critical condition, the result of an automobile collision on the highway between Irvine and Culver's corner, Sunday afternoon. Mrs. Parsons spent the greater part of the day with him and her cousin, Mrs. Shallenberger and little son, who are also confined at the hospital suffering with severe cuts and bruises, received at the time of the accident.

Mr. and Mrs. Leo Borchard and niece, Miss Alice Hauptman, returned at a late hour Monday night of last week from Big Bear valley, where they spent several days camping in company with F. E. Farnsworth and family of Santa Ana. The trip proved most enjoyable with the exception of a slight rain encounter, the day of their arrival at camp which put a damper on the outlook for a pleasant time, but by the next morning it had cleared away and the weather was cool and pleasant the remainder of their stay. One entire day was spent fishing on the lake, Mrs. Borchard enjoying the novelty of capturing her first fish.

## BISHOP IS NAMED TO SUCCEED KEECH

Attorney Clyde Bishop has been chosen to succeed E. E. Keetch as attorney for the Newbert Protection District.

The officers of the Protection District at a recent meeting held in the former offices of Attorney Keetch took up a number of important matters, among them being that of the choice of Keetch's successor.

All documents and records of the district will be moved to Bishop's office at once, and from this time on he will have supervision of the legal affairs of the district. Miss Bertha Michel retains the position of secretary.

The sum of \$47,000 was the amount of the tax levy for the district for the coming year, agreed upon by the directors at their meeting. This is an increase over the original levy of last year by \$7000, but an additional tax of \$55,000 was added last year later in the season.

WELL DOWN 5100 FEET

LA HABRA, Aug. 9.—The Tri-State Oil Company's well near La Habra is approaching the 5100-foot mark in depth. The gas pressure continues pronounced and the showing of oil is good. The well will soon rank with

## NEWS BUDGET FROM TALBERT

TALBERT, Aug. 8.—The ladies of the church made plans last Thursday afternoon for a parcel post social to be held the 25th of this month. This will be one of the enjoyable out-door affairs similar to several enjoyed last summer and a good time is in store for all those who attend. The large pleasant yard at the Talbert home which is so admirably suited for an affair of this kind will be utilized for the purpose and beside the parcel post sale, refreshments of ice cream and cake will be served, following a short program. Games and a social time will fill the remaining hours.

Only \$50 of the debt on the church piano remains to be paid, the remainder of the amount having been earned by the ladies the past year by similar functions, so it is hoped that at least a large part of the amount will be raised. Great appreciation will be felt for donations of parcels for the sale. Twenty-five cents will be the price for each and a "fish pond" or some similar arrangements will be made for distributing the packages to the buyers.

The greatest of sympathy is felt by the Talbert community as a whole for the Robt. and Samuel Gislser families in the sad bereavement experienced by them through the drowning of a little daughter of each home last Sunday afternoon at the outlet not far from the Samuel Gislser home at Huntington Beach.

The Robt. Gislser family and Mr. and Mrs. Robt. Harper, the latter a daughter of Samuel Gislser, motored over from here Sunday morning to spend the day with their relatives. Mr. and Mrs. Barnard Stoffel of Anaheim, daughter and son-in-law of Robt. Gislser, were also of the party, so forming an almost complete family reunion which at the close of the happy dinner hour when the older members of the party prepared for a ride to Seal Beach to witness the aeroplane flight, did not leave the impression of being in reality the final reunion for the members of both families.

The seven children of the two families, the oldest being thirteen, remained at home. All went waving, but the four boys becoming tired of the sport went to the house, so only the three little girls, Elizabeth aged ten, daughter of Robt. Gislser, and Mabel, daughter of Samuel Gislser, also ten, and little Lucille, aged eight, and sister of Elizabeth, were together when the accident which snuffed out the lives of the two older girls occurred. A few minutes more and the tragedy would not have been witnessed, as Lucille had started home, having proceeded about half a block when she heard the cries for help. She did not at first realize the cry was one of distress but thought they were just in play until she saw Mabel plunge into the deep hole of water apparently in an effort to aid Elizabeth, who was already struggling in the water. Then she saw both go down together and summoned aid which, however, proved too late to save the lives of the little cousins.

The accident occurred at 4 o'clock and it was 6 before the families could be notified and return home.

Mabel had spent the preceding week at Talbert at the home of her sister, Mrs. Harper, being a part of the time the guest of Ruth Harper. She had only just returned home on Friday before the Sunday of the fatal accident.

A Newbert Protection District meeting was held Tuesday afternoon at the late Attorney Keetch's office and several important matters were taken up for decision by the directors. Since the decease of Mr. Keetch the matter of appointing an attorney for the district to fill his place was necessary so this duty was duly taken up and a decision rendered in favor of Attorney Clyde Bishop, who was elected. All documents pertaining to the district will be moved at once to his office.

Miss Bertha Michel, who for a time has been secretary, still retains that position.

Another important matter voted on was the levying of the taxes for the district for the coming year. The amount levied is \$47,000, which is an increase of \$7000 over the first levy of last year, which, however, was increased by an added levy of \$55,000 later in the season.

The Talbert Drainage directors also met the same afternoon with their attorney, H. C. Head, for their important

## Corns Lift Off

Doesn't hurt a bit to lift any corn or callus off with fingers.

No humbug! You truly can lift off every hard corn, soft corn or corn between the toes, as well as hardened calluses on bottom of feet without one bit of pain.

A genius in Cincinnati discovered freezone. It is an ether compound and tiny bottles of this magic fluid can now be had at any drug store for a few cents.

Apply several drops of this freezone upon a tender, aching corn or callus. Instantly all soreness disappears and shortly you will find the corn or callus shriveled and loose hat you lift it off with the fingers. You feel no pain while applying freezone or afterwards.

Just think! No more corns or calluses to torture you and they go without causing one twinge of pain or soreness.

Ladies! Keep a tiny bottle of free-

## Soldiers of the Commissary

Of more importance possibly than even the "soldier at the front" is the soldier of the commissary who must feed her family economically as well as nourishingly and thus conserve the food supply for the armies.

Food that supplies the most nourishment at the lowest cost and at the same time is palatable and appetizing, is the economical way.

Bread, biscuit and other bakestuffs made with

Globe Flour

is most economical and nourishing.

Baking at home is made easy with such a flour as this.

Get out your bread board, your flour sifter, your rolling pin and be a captain in the "Soldiers of the Commissary."

Let "Household Helps" Help You

Nearly forty thousand women in California and the Southwest find much help in our little publication, which is issued every two months, free to anyone sending in the coupon. Filled with recipes contributed by our readers, and there are many suggestions along household and economic lines.

Nine cash prizes are awarded each issue, first prize being \$10.00. Your recipe might win a prize, and at all events you would enjoy Household Helps. Mail the coupon to day to

GLOBE MILLS—LOS ANGELES

GLOBE MILLS—LOS ANGELES

meeting of the year. In this district \$15,500 was levied.

An article concerning the keeping up of bridges in connection with the drainage canals was read by the district attorney for the benefit of the directors, who had up for discussion which should be responsible for the building and repairing of bridges over the canals, the county of drainage district. According to law, the county must furnish those where the road goes through succeeding the canal; likewise the district, when the canal succeeds the road, the first right of way being given the preference. No change was made in the district's attorney and secretary, Attorney Head and Mrs. Emmett Hays to remain in these capacities for the coming year.

Mr. and Mrs. Willis Shrode, daughter, Miss Lylia Shrode, and Mr. and Mrs. Rogers, the latter also a daughter, were over-night guests Monday at the home of Mr. and Mrs. Sam Talbert. The parties, who all reside in Imperial, are out for a several weeks' vacation, coming here from Maricopa Hot Springs, where they have been camping. Tuesday morning they left for San Diego to visit with the two sons of Mr. and Mrs. Shrode, who enlisted in the army last week and are stationed at that place. Upon their return they will again visit at the Talbert home. Mr. Shrode is a brother of Mrs. Thurman, who at present is with her daughter, Mrs. Talbert.

Beets are coming to the dumps much more rapidly this week than last. At East Talbert 200 tons were loaded the past week, being 47 tons over the week previous.

The crews at the two dumps opened last week on this line are: Tennessee avenue, Messrs. Cook, Uage and Planchon; Nimocks, Messrs. Jessee, Thompson and Ellis.

Harvey Studebaker went to work at the East Talbert dump Wednesday of this week.

Several more of the most extensive growers are beginning to take out beets this week, among them R. L. Collins, who has 100 acres, and Frank Borchard, with 200 acres, and several Japanese, who have large acreage.

Reliable Gas Ranges, underpriced. Chandler's, 510-516 North Main St.

## Service---Stability---Strength

These three essentials of banking efficiency are conspicuous in the Orange County Trust and Savings Bank.

Safety Deposit Boxes For Rent

Our Trust Department

## 3 S. F. BEAUTIES AID FATHER IN BOOSTING FOR LAND SHOW

Supervisors Make Appropriation For County Display During October

Aiding their father in his work of boosting for the California Land Show, to be held at San Francisco October 13 to 23, the three beautiful daughters of W. K. Dunne, secretary of the Hibernian bank of the city, are visitors in Santa Ana.

Dunne and his party are heralding the big land show in every county in the southland. Nowhere, he states, has his request for county appropriations for exhibits at the exposition been turned down. It is declared one of the reasons for the success of the party's publicity work is due to the assistance being rendered by Dunne's handsome daughters.

The girls' names are May, Sarita and Rae. Their mother, who also is in the party, is justly proud of the help they are giving in spreading the news of the coming land show.

The San Francisco boosters appeared yesterday before the county supervisors and this body voted an

appropriation of \$225 for a display at the show.

The party which is traveling by auto, having left San Francisco Saturday, was taken in charge by Secretary J. C. Metzgar of the Chamber of Commerce, and personally conducted on a tour to Newport Bay and over the famous Lemon Heights Drive.

There are two other men in the party besides the Dunnes and their daughters. They are Emile E. Kahn, vice president of the Real Estate Board of San Francisco, and E. M. Pickering, secretary of a prominent real estate firm at the Bay City.

## FUNERAL IS HELD FOR VICTIMS OF DROWNING

HUNTINGTON BEACH, Aug. 9.—The funeral of Mabel and Elizabeth Gislser, cousins, who were drowned Sunday in a sink hole near the Santa Ana river outlet, was held Wednesday morning at 9 o'clock at the Catholic church. There was a large attendance of citizens who came out to show their sympathy with the grief of the family. Flowers were bestowed in great abundance. The pall bearers were girls of the acquaintance of the victims, all dressed in white. The sermon was preached by the Father of the local church. Burial took place in the cemetery at Anaheim and a large number of automobiles accompanied the remains to their final resting place.

## MORE WEALTH FOR JOHN D. IN OIL

FULLERTON, Aug. 9.—Well number 37, located in the Murphy lease north of this city has been brought in.

This well means more wealth for the Standard Oil Company. It is one of the largest yet developed by the Standard in this community and is producing 6240 barrels a day. A gas pressure of 300 pounds is back of the flow.

## PROPOSAL MADE FOR REVISION OF CONTRACT

Kellogg Wants to Sink Wooden Piles Under Concrete Sheeting

## IRVINE HIGHWAY JOB FIGURES ARE \$1971

Surfacing With Patented Process to Be Tried On Buena Park Road

Yesterday, following the reading of the letter of County Surveyor McBride to the Board of Supervisors in which McBride recommended that the county terminate its contract with H. Clay Kellogg for the construction of a road around Sulphur Slide in the Santa Ana canyon, Kellogg asked for a revision of the contract. This request was taken under advisement.

McBride stated that there was no prospect that the contract as it has been carried forward can be finished before winter. He said that to continue it would mean that floods might wash out what has been done. Difficulty arose when it was found that it was farther to bed-rock than Kellogg had thought, with the result that his concrete sheeting would not reach the rock.

Kellogg's proposal is to revise the contract in such a way as to allow him to sink wooden piles outside the concrete piles. The wooden piles would go to bedrock, and the concrete piles inside would be fastened to the wooden piles.

**Contracts Let**  
The supervisors let two contracts yesterday for highway work. Wells & Bressler with a bid of \$1971.78 was awarded a contract for building half a mile of pavement on Irvine boulevard. Other bids were: Steele Finley, \$2022.96; Orange County Engineering & Construction Company, \$2449.44.

E. M. Chadbourne was given a contract at 220 cents per square foot for surfacing the county paved road between Buena Park and Northam station. He is to use Bitucrete, a patent.

**GREAT BIRTH CONTROL  
PICTURE**  
PRINCESS THEATRE, Friday and Saturday.  
"The Hand That Rocks the Cradle"

ed surfacing consisting of crushed rock and pure asphalt applied hot. This is to be an experimental job. The surfacing has been used elsewhere and reports to the board here are that it is a success.

**But One Bid**  
Wells & Bressler bid \$5051 for paving on the Brea-Olinda road. The bid was rejected.

**Lighting Districts**  
In addition to the petitions for the re-organization of the Tustin and Garden Grove lighting districts yesterday morning there came a petition for El Modena lighting district. It, too, was set for hearing on September 5.

The lighting districts are to continue with their lights during the necessary period of re-organization. The bills will be paid out of the general road fund, and after the districts are formed they will reimburse that fund.

**Names Inspector**  
George Hubbard was appointed inspector of the Yorba bridge job. He will be paid \$4 a day and fifty cents for transportation.

The salary of the purchasing agent was raised from \$135 to \$145 a month of the garage man from \$100 to \$110 and of the highway superintendent from \$125 to \$135.

**Changes Needed**  
A statement from County School Superintendent Mitchell was to the effect that under a new state law the boundaries of a number of school districts of the county will have to be changed to conform to changes that have been made in state laws. Among these changes are those required by the provision that there shall be but one school district covering the area of a city of the sixth class.

The county authorized a contract for taking space in the California Land Show.

## SANTA ANA VISITED BY R. R. OFFICERS

Shipping conditions in Santa Ana were examined yesterday by several men prominent in railroad circles. They were under the guidance of the Santa Fe, F. T. Smith, local Santa Fe agent was in charge of the sight seeing trip around Santa Ana.

The visitors were: Norman H. Asp, Traveling Freight Agent of the Santa Fe, J. T. Riggs, Chief Clerk of the Weighing Department of the Santa Fe, and A. C. Appel, of the Transcontinental Freight Bureau.

The men were introduced to the Santa Ana city officials, visited the city hall, and Chamber of Commerce, and were well pleased with present conditions here.

From the flood districts comes this plea: "Send us immediately three thousands copies of your Home Drying Manual. Every home in town has been under water and needs drying the worst way."—From National Emergency Food Garden Commission, Washington, D. C.

## QUESTION IS: HOW MANY SECURED?

(CONTINUED FROM PAGE 1)

morning shows that fifty-eight of the 420 men notified by mail to be present for physical examination on the first three days of this week failed to respond to the call.

Out of that number are a dozen or more men who have joined some of the fighting forces. Notice to that effect has been given in the cases of G. Dyer, C. D. Bay, Orange; T. L. Estes, C. T. Tidball, D. H. Lamar, C. L. Conner, Santa Ana; G. C. Riehl, Tustin. No notice has been received from the adjutant general for a number of men who enlisted in the last three weeks. Notifications are evidently that far behind enlistments, as the War Department must notify the adjutant general, who then notifies the local board.

For instance, in the list of those not appearing, and for whom no notice of enlistment has been received from Sacramento, are W. H. Titchenal and J. L. Dale, both of whom are in the field artillery.

Most of those not appearing are Mexicans. Many of them have moved since they registered, and some of them never get near a post office and would not get their call.

Some of the men are in other states, and appeared for physical examination elsewhere. Among them are J. P. Matthews, W. R. Bennett and H. B. Cook, well known young men here. They were examined elsewhere. Altogether, Secretary Nau of the local board, wired fifteen authorizations for examination elsewhere.

Any person not showing up for examination anywhere can be listed in the district's quota.

The list not accounted for by notice or response in person are the following:

Felipe T. Bay, Capistrano.  
Arthur Leyrer, Irvine.  
Pedro Robles, Tustin.  
Juan Torres, Santa Fe work car.  
Reyes Soto, 313 W. Fifth.  
C. M. Jenkins, Orange.  
Jose Barron, 303 N. Sycamore.  
R. E. Smith, 322 E. Fourth.  
Francisco Salcedo, Delhi.  
W. R. Bennett, 511 E. Walnut.  
W. A. Schilling, Orange.  
Andres Arreales, W. Fifth.  
S. Matsuyama, 606 E. Fifth.  
Aurelio Juarez, Delhi.  
W. A. Coyle, 409 E. Fifth.  
H. G. Matthews, Santa Ana.  
Francisco Feria, Delhi.  
Jose Ojeda, El Toro.  
N. A. Carlson, Orange.  
Francisco Alvarado, Mexico.  
Florentine Serat, Tustin.  
R. G. Openshaw, Santa Ana.  
Victor Cervantes, Delhi.  
Daniel Mendoza, Fifth St.  
H. B. Cook, 1620 Bush.  
Peter Duhart, 804 Baker.  
O. D. N. Guenther, Olive.  
E. L. Bennett, Harner.  
E. R. Hunt, Orange.  
G. B. Stull, 514 S. Ross.  
J. L. Baier, Orange.  
D. Girtatz, El Modena.  
Jose Madrigal, Delhi.  
Roul Barker, Newport Beach.  
Harry Landen, Santa Ana.  
Carlos Flores, Santa Fe, Santa Ana.  
T. L. Dray, 417 E. Second.  
R. W. London, Capistrano.  
Aniseto Bargas, Tustin.  
J. D. Matthews, 402 S. Bristol.  
Ignacio Tirades, Olive.  
Pedro Pimentel, Irvine.  
M. A. Fagundes, Santa Fe, Santa Ana.  
A. C. Holm, Orange.  
C. H. Mooney, Capistrano.  
I. Villa, Delhi.  
Sisto Vasquez, El Toro.

**HAS LARGE PAY ROLL**  
FULLERTON, Aug. 9.—The Union Oil Company is leading the operators in the local field with the largest pay roll in the history of the company. Three hundred and twenty-five men are helping the Union develop oil here. They have twenty wells in the process of development, besides three others located a few days ago, and two that have recently been completed.

## DRAINAGE DISTRICT TAX LEVY IS MADE

At a meeting of the directors of the Talbert Drainage District at the office of Attorney H. C. Head, \$15,500 was agreed upon as the tax levy for the district for the present year.

H. C. Head as attorney and Mrs. Emmett Hayes as secretary of the district, were continued in office for the coming year.

## TEAMSTER ROUTED BY DRAFT BOARD INQUIRIES

SAN FRANCISCO, Aug. 9.—A husky teamster walked in the eighth district exemption board headquarters and asked to be allowed to read an exemption claim blank. Attorney Max Kuhl told him that it was impossible to let him.

"What's your ground for exemption?" Kuhl asked and started to read the list of grounds over to the man.

"Are you a United States official?" Kuhl began. The man shook his head.

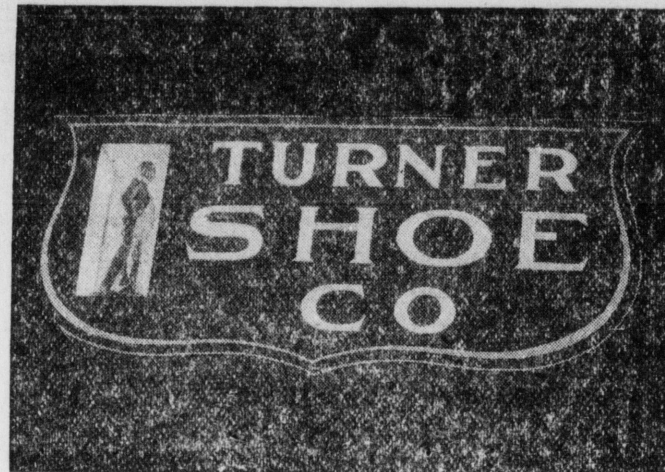

"Are you a minister of the gospel?" The teamster told Kuhl to quit kidding.

"Are you a student of divinity?" was the third question.

But when Kuhl looked up for an answer the man was gone.

## 12 IN LAKE ONTARIO SCHOONER WRECK DIE

KINGSTON, Ont., Aug. 9.—Twelve out of fourteen persons aboard the schooner George A. Marsh perished when the vessel was destroyed in a 35-mile gale which swept Lake Ontario Tuesday night. It was learned today. The dead include Captain Smith, his wife and five children; Mr. and Mrs. McClelland and one child; William Watkins, mate, and George Cousins, deckhand. All were drowned except one child, who died from exposure while McClelland, Jr., one of the survivors, was rowing for land in a small boat. The only other person aboard the vessel saved was William Smith, 10, son of the captain. The schooner was laden with coal, having sailed from Oswego.
